About HH

MISSION STATEMENT

Hardship Heroes is an organization that acknowledges anyone enduring hardships by giving them a platform to share their story, as well as providing them with tailored, one of a kind Experiences that allow them to escape their hardships and appreciate a small moment in time! We strive to make our clients feel seen, heard and appreciated through donations and community outreach.

Imagine your life turned upside down at the drop of a hat. You or a loved one is sick or injured and your life changes almost instantly. Your life as you know it stands still and you are thrown into a new world. A world of hardship. Your social life, work life, every bit of your life is unraveling and you are stuck in a cycle of stress and distress. This is a situation that is absolutely hard to fathom if you have not experienced it for yourself. I personally hope if you are reading this and cannot relate, that you continue to have good fortune, as this is not the case for many many people in our community. Hardship Heroes is an organization that brings awareness to the daily struggles faced by many, that often go unnoticed by our community. Ian Maclaren once said, "Be kind, for everyone you meet is fighting a hard battle." This sentiment perfectly captures the essence of Hardship Heroes. Our mission is to help our community understand and embrace this truth, recognizing, supporting and gifting experiences to those who are facing unseen challenges day in and day out.

My sincerest Thank You for such a wonderful evening. The love you all put into this evening is commendable. 2023 has got to be the worst year on record for my family both mentally and financially. Because of all of you and all your efforts my grandchildren's wish lists all came true. I wish all of you a very happy, healthy, prosperous 2024!

This organization is nothing shy of incredible. I was lucky enough to be a recipient of the most tailored and detailed experiences. It was a dream come true. I was also able to attend another experience as a friend of a recipient. I can't speak enough on the detail and thought put into what this organization does. A little bit goes a long way, if anyone wants to make a difference in the lives of deserving heroes, donate to this organization!

We met Emily after being nominated for Hardship Heroes. The event was absolutely beautiful and the team involved were nothing short of amazing. My daughter has Autism and outings like this can be overwhelming for her. Emily and everyone at Hardship Heroes went above and beyond to make us feel comfortable and have fun. Everyone was so kind and encouraging. They do amazing things for our community and we look forward to participating in future events! Thank you Emily and the committee who make all these magical events a dream come true.

Emily & Hardship Heroes are awesome!! When things were looking a little crazy in my life & I wasn't sure how I was going to pull together an "End of Chemo" party for this kid you quickly jumped in ask how you could help out!! You were able to have his vision of the perfect cake made & it was not only beautifully made but it was delicious! I can't thank you enough for being able to bring the brightest smile to his face - not for only the cake but the awesome, thoughtful gift you also gifted him!! Thank you

I was nominated for aid from hardship heroes after being diagnosed and struggling with cancer treatments. The quick impact cards they provided for myself and my daughter were so heartfelt and helped to lift our spirits tremendously! This organization is doing amazing things for people struggling with unexpected hardships like myself. I would love to see this non profit grow so they can continue to share and grow with others like myself.

Hardship Heroes has been a live saver. My husband and I felt completely alone in our struggle to be not only new parents but to a disabled child. Emily and the Hardship hero's have been so understanding and helpful with resources in our area. They have gone above and beyond to show our family that there is still light at the end of the tunnel. My husband and I were able to reconnect alone together for the first time in almost a year and for our sons 1st birthday they helped provide a cake we wouldn't have been able to afford without their help. It was delicious and everything we could've dreamed of for our son. Thank you Hardship Heroes!
